HALL OF FAME SELECTION RECORD

Instructions for Board Members

1. Each record will be evaluated on its individual merits. The primary factor of consideration is whether the nominee has made a significant contribution to the Military Police Corps. Certain individual acts of heroism may also qualify for selection. Each record will be rated on a point scale of 1 thru 10 as follows: 9—10: Definitely select; 6—8: Recommend on Selection; 1—5: Not Recommended.
2. Remarks will be required for each record scored for the category 9—10 and 1—5, explaining why this record stands out for selection or non-selection. Remarks for 6—8 are appropriate but not required. All remarks will be used for improving the Board and the nominations for future Boards.
3. After each record has been evaluated, the score sheet will be collected and tabulated by the Board Recorder. Total possible score is the number of board members x 10. All records receiving a 90% of the total possible score will be inducted based on the allocations.
4. If allocations are not met by initial voting, or there is a question on one or more records, then the Board will discuss each record receiving at least 70% of the total possible score but not previously inducted, or the record in question. Following discussion, those records will be re-voted. Re-voting results will be tabulated and provisions of paragraph 2 will then apply. If during score tabulations, the Board president identifies point deviations between voters, each board member will be required to explain in open discussion the reason for the deviation.
